

Wyong Roos Announce a Stellar Coaching Team for 2024

Troy Pezet (L) & Mitch Williams (R)

The Wyong Roos have announced Mitch Williams will continue as Denton Engineering Cup Head Coach and Troy Pezet will be engaged in the new role of Coaching Director for the 2024 season. The duo in coaching will take the Wyong Roos to a whole new level in Rugby League. Pezet will support Williams as a coach and build the programs which will develop and retain the next generation of Wyong Roos. This comes on the back of Wyong qualifying for the first time for the DEC Finals Series, largely on the back of Williams hard work and expertise at the helm.

Wyong Roos Operation Manager Stephen Marks spoke to the appointments “The decision to reappoint Mini was an easy one. The way the younger players have developed on his watch and the calibre of player he has been able to retain and bring to the Club speaks to the efficacy of his methods and the character of the man. Troy brings fresh eyes, a different perspective and a wealth of experience to our program. He will challenge our processes and leverage our strengths to take our Football program to new level.”

Pezet will oversee two crucial programs which will underpin the Club’s success in the coming years. The first, a revolutionary coaching program which supports and develops coaches through education and training programs. And the second, a player development program that focuses on delivering clear pathways for young Roos whilst developing their skills and knowledge of the game.

On the announcement Pezet stated “With any program there are always areas to polish and shine but I’m confident with some small adjustments and a few extra things in place for next year the Roos will continue to improve.”

Williams expressed his delight to continue as Wyong Roos Denton Cup Coach saying “It has been a privilege to be the Wyong Roos Denton Cup Coach and I’m ecstatic to continue to lead this fantastic group of players in 2024.”

Joseph Smith, Wyong Roos Football Chairman said “this positions us with a strong coaching team to navigate the changes coming in 2024 and continues our history of being one of the best resourced and most professional rugby league programs outside the NRL”

These appointments retain and bring tremendous knowledge to the Wyong Roos Football programs and positions the club in a fantastic position for the 2024 season and years to come. Players looking for a place in that program should contact the Club.
